

Aldo Balestreri

OIA, IIA

Principal, Consulting Actuary

CURRENT RESPONSIBILITY

Aldo is Principal and manages the Italian Life Practice of Milliman. He and his team carry out consulting assignments in Italy as well as in other European countries. He joined the firm in 2005.

EXPERIENCE

At Milliman, Aldo has performed a wide range of actuarial consulting assignments for a variety of clients, mainly major European insurers. He advises clients in the areas of embedded value (both traditional and EEV/MCEV), risk management, asset liability management, economic capital, Solvency II, market entrance and product development.

Before joining Milliman, Aldo spent eleven years working in an Italian life company, where he was life director and appointed actuary. His life insurance experience includes market analysis, product development, financial reporting, asset liability management, Solvency II and IT support.

He is primarily a life actuary and he is fluent in Italian and English.

PRESENTATIONS AND PUBLICATIONS

Aldo speaks at industry and professional meetings. He has published articles and papers about Solvency II, risk management, ALM and MCEV.

PROFESSIONAL DESIGNATIONS

Member, Ordine Italiano degli Attuari (Italian Society of Actuaries) and IIA (International Actuarial Association)

EDUCATION

Degree in Actuarial Sciences and Statistics (maximum of marks), University of Rome "La Sapienza"
